

**Not everyone shops the legal way!  
Some people might just break into your car and help themselves!  
Stop 'em cold!**

**Help us help you! You can help reduce car burglaries by following these simple rules:**

- \* Lock your car. An unlocked vehicle is an open invitation to a car thief. Be sure to lock all points of entry into your vehicle and shut tight any windows including the vent or wind-wing windows.**
- \* Place your packages out of sight. Out of sight, out of mind. Thieves don't want to waste time breaking into your car if they aren't guaranteed a bargain!**
- \* Park in well-lighted areas at night.**
- \* Remove valuable possessions from the car. Items like cell phones, PDAs, IPOD's, jewelry, garage door openers, cameras, laptops and the bags you carry them in are just as enticing to a thief.**
- \* Use a secondary anti-theft device if you own one.**

**Lock it up, out of sight!**
