Request: _____

Proposed Use of Property: _____

All developments should strive to minimize the removal of existing trees. The following items must be submitted with this application and may be submitted on the same map:

1. A tree survey depicting all protected and landmark trees, all waterways, wetlands and setback areas.
2. A tree preservation plan prepared in accordance with Section 1.1035 of the Tree Preservation Ordinance. This plan shall show the location, size and species of all trees proposed for protection.
3. A tree mitigation plan prepared in accordance with Section 1.1045 of the Tree Preservation Ordinance. This plan shall show the location, size and species of all trees proposed for planting.

I have read and understand the Conway Tree Preservation Ordinance. No trees may be removed from this site until a written Tree Cutting Permit has been issued by the Conway Arborist.
